March Events at the Denair Library

The Denair Library will host free activities for children and teens this month, beginning with the celebration of Dr. Seuss' birthday. On March 4 at 3 p.m., crafters can visit the library to make bookmarks based on the works of Dr. Seuss. Children can hunt for the Cat's missing Hat in the library March 3 -7. Those who find the hat will win a prize.

Teens can celebrate Teen Tech Week at the library on March 10 at 3 p.m. This year's theme is "Libraries are for making..." Teens will have the opportunity to create buttons using the library's button maker, and a light-up box using a simple circuit.

Kindergarten – second grade students can participate in this month's Crazy 8's Math Club on March 12, 19 and 26 at 4 p.m. On March 12, children will build a glow-in-the-dark skyscraper using glow sticks and Styrofoam balls. On March 19 participants will learn about coins by weighing, flipping, and rolling them, followed by an extreme version of "rock, paper, scissors." On March 26, children will use long foam tubes to build superball ramps. Participants will discover exactly how high a hill or how steep a curve a superball can handle.

The Denair Library is located at 4801 Kersey Road in Denair. For more information, please contact the Denair Library at (209) 634-1283.
