September is Library Card Sign-Up Month

Public encouraged to complete customer survey and check out new offerings

September is Library Card Sign-Up Month, and Stanislaus County Libraries invite everyone to celebrate! As students settle in to the new school year, it's the perfect time to sign up for a library card, an essential school supply. In fact, September is a great time for everyone to stop by one of Stanislaus County's 13 libraries, get a new library card, and see all that's new.

With a library card customers have access to thousands of books and materials, digital resources such as downloadable audiobooks, e-books streaming movies and tv, as well as computers and free WiFi. But, some may be unaware of many other great things a library card offers. Library cardholders can check out a California State Library Parks Pass for day use at more than 200 state parks. Discounted or free tickets to museums and cultural attractions are available through Discover and Go, with a library card. A library card even provides access to home connectivity kits, which includes a Chromebook, mouse, headset with a microphone, hotspot device, as well as power adapters and carrying case.

This is also a great time to give feedback to the library. During the month of September, the library will conduct a customer satisfaction survey, available in English and Spanish. The survey may be completed online at www.stanislauslibrary.org or on paper copies at the library. Both library users and non-users are invited to share their thoughts.

For more information about getting a library card and all the library offers, please visit www.stanislauslibrary.org
